

Emergency Aid Camp Infrastructure Family Water Filter Kit HF

- New clean water tap avoid cross contamination
- Simplified back-flushing just close the tap and keep pumping
- Transparent back-flush container see the back-flush really working
- Improved compact shape for better transportation
- Improved sustainability parts can be dismantled if necessary
- Improved aspirational design for universal appeal

The Family Filter Kit HF is 50% more efficient than other filters and 20 times more effective in terms of life expectancy.

The water filter has been tested and approved under EPA-US National primary Drinking Water Regulations and has a Bacteria retention of Log 7 and a virus retention of log 5.

Butyl Products Ltd.

Lingfield House, 11 Radford Crescent, Billericay, Essex,
